10*th.* No Sub-Treasurer's Receipts or deposit of Public Securities, under the Fifth of the present Conditions, will be received in this Office except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. Posited will be returned when payment in full has been made by the said Purchaser or his order.

11*th*. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit, either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each Lot.

12*th*. 13*th*. 16*th*. The Public are hereby informed, that in providing the Investment of the Behar and Benares Opium for the year 1853-54, the same precautions have been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An account of the weight of the Drug, when packed at Behar and Benares, and a Statement of the average weight of the Chests, indiscriminately taken, for the purpose of comparison, from the despatches, on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue.: and further, that four Chests of Behar and Benares Opium which have been reserved from the Provision of the two preceding years, will be also shown to the Purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17*th* Any further information, respecting weigh or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade, will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred on reference to Chests, after the Sale and delivery of the Opium for shipment.

General Orders by the Most Noble the Governor General of India in Council

Fort William, 5th January 1855.

No. 24 of 1855.—The Most Noble the Governor General in Council is pleased to notify, that the Hon'ble the Court of Directors have approved of the appointment of Orderly Room Clerks for each Brigade and Battalion of European Artillery, in the same manner as is allowed in European Infantry Regiments. This arrangement is to have effect from the 2nd November 1854, the date of receipt of the Hon'ble Court's letter at this Presidency.

His Lordship in Council is further pleased to notify, that the provisions of the General Order No. 601, of the 27th July 1853, regarding an additional allowance after seven years' approved service, are equally applicable to the Orderly Room Clerks of European Artillery.

No. 25 of 1855.—The under-mentioned men of Her Majesty's Service are permitted to reside in India and Australia as Out-pensioners of Chelsea Hospital, and to draw their pay at the stations specified opposite to their respective names, according to the 23rd Clause of the Royal Warrant of the 24th May 1847, pending a reference to the Horse Guards as to the amount of their pensions:—

Serjeant R. Smith, ...	Bombay.
Private E. Walker, ...	Bombay.

96th Foot.

Drum Major J. Agnew,	Adelaide, South Australia.
Serjeant W. Wale, ...	Swan River, Western Australia.

No. 26 of 1855.—The Most Noble the Governor General of India in Council is pleased to permit the several Regiments in the Service of the East India Company employed in Pegu during the late War, to wear on their colors and appointments the word "Pegu."

No. 27 of 1855.—The Most Noble the Governor General of India in Council is pleased to rescind the Government General Order No. 128, of the 25th May 1835, which directs that a Medical Officer shall be considered ineligible to the situation of Superintending Surgeon until he shall have served for two years in the Military branch of his profession at some period subsequent to his promotion to the rank of Surgeon.

No. 28 of 1855.—By Article 21 Section XXV. of the Pay and Audit Code of 1849, Native Troops, embarked for foreign service beyond Sea, are allowed rations gratis while on ship board, and while on shore, on service beyond Sea, they are allowed "Money Rations," which are drawn for them in Abstract from the Pay Department.

2. In the latter situation, they are also allowed the privilege of drawing certain rations of provisions from the Commissariat Stores in certain fixed quantities, on paying for them at certain fixed rates, as laid down in Article 24 Section XXV. of the Code.

3. The rate of the "Money Rations" authorized by Article 21 Section XXV. of the Code is "published in Orders by Officers Commanding Divisions and Detachments at the close of each month, on a Certificate from the Commissariat Executive Officer, of the current prices in the bazars, or of the rates at which they were issued from the public Stores, as the case may be," of the articles laid down in Article 24 Section XXV. of the Code, and in the quantities laid down in that Article.

4. It will be evident that, when the Troops resort to the Commissariat Department for their rations, the Commissariat Officer's Certificate for determining the rate of "Money Rations" will be a mere copy of the rates laid down in Article 24 Section XXV. of the Code, and that the sum received by the Troops as "Money Rations" from the Pay Department, on the authority of the Certificate, will eventually be made over, wholly or in part, according to the period embraced in the Certificate, to the Commissariat Department, in payment for the rations supplied to the men.

5. This system of drawing from the Pay Department and paying to the Commissariat Department having been found to entail unnecessary labor on the Officers of the Commissariat Department in Burmah, and from the peculiar circumstances of the country, to impose on the Officers a responsibility to which they are not fairly liable, the Most Noble the Governor General in Council

s pleased, at the recommendation of the Commissary General, which has been concurred in by His Excellency the Commander-in-Chief, to authorize the adoption of the Madras method of raioning Native Troops on foreign service, in lieu of hat which now obtains in Bengal

6. It is accordingly notified, that from and ıfter the 1st January 1855, rations will be issued ıratis by the Commissariat Department to all Native Troops entitled to receive Money Rations, vhich shall cease to be drawn from the Pay D - partment.

7. It is to be distinctly understood, that this Order is intended to apply only to "Troops entitled to receive Money Rations" Native Troops, in the performance of routine duties in the Eastern Settlements, to whom Money Rations are not allowed, must continue to pay for such supplies as they may receive from the Commissariat Department; and the early payment of the Bills of the Department, for the supplies, is particularly impressed on Commanding Officers, as, in the event of any delay, which may not be satisfactorily explained, the sum will be placed to their personal debit

Article 25 Section XXV of the Pay and Audit Code of 1849.

8 Native Soldiers of the Regiments in Burmah, under sentence of imprisonment, will be subsisted by the Commissariat Department, agreeably to the provisions of Government General Order No. 581, of 7th November 1851.

No. 29 *of* 1855.—Captain and Brevet Major J. S. G. Ryley, of the 5th Regiment Light Cavalry, is permitted to retire from the Service of the East India Company on the pension of a Lieutenant Colonel, from the 31st December 1854.

No 30 *of* 1855.—The resignation of the Service, by Second Lieutenant Frederick Moffat, 2nd European Bengal Fusiliers, is to be held to have effect from the 4th of October, instead of from the 20 h September last, as announced in Government General Order No 897, of the 7th September 1854.

No 31 *of* 1855.—Third Class Sub-Assistant Surgeons Ramsoonder Ghose, attached to the Civil Station of Leia in the Punjaub, and Kallee-nath Mozumdar, attached to the Government Charitable Dispensary at Ghazeepore, having been pronounced qualified for advancement, are promoted to the Second Class, from the day following that on which they completed their first septennial period of service, *viz*, the 17th of June 1854.

No. 32 *of* 1855.—Captain Joseph Scott Phillips, of Artillery, Commissary of Ordnance, Cawnpore, is allowed leave of absence for three months, from the 15th February to 15th May 1855, to proceed to Calcutta on private affairs, under the old Regulations, preparatory to applying for permission to retire from the Service.

General Orders by the Most Noble the Governor General of India in Council

Fort William, 5th January 1855

No. 24 of 1855.—The Most Noble the Governor General in Council is pleased to notify, that the Hon'ble the Court of Directors have approved of the appointment of Orderly Room Clerks for each Brigade and Battalion of European Artillery, in the same manner as is allowed in European Infantry Regiments. This arrangement is to have effect from the 2nd November 1854, the date of receipt of the Hon'ble Court's letter at this Presidency.

His Lordship in Council is further pleased to notify, that the provisions of the General Order No. 601, of the 27th July 1853, regarding an additional allowance after seven years' approved service, are equally applicable to the Orderly Room Clerks of European Artillery

No. 25 of 1855.—The under-mentioned men of Her Majesty's Service are permitted to reside in India and Australia as Out-pensioners of Chelsea Hospital, and to draw their pay at the stations specified opposite to their respective names, according to the 23rd Clause of the Royal Warrant of the 24th May 1847, pending a reference to the Horse Guards as to the amount of their pensions :—

Serjeant R. Smith, ... Bombay.
Private E. Walker, ... Bombay.

96th Foot.

Drum Major J. Agnew, { Adelaide, South Australia.
Serjeant W. Wale, ... { Swan River, Western Australia.

No. 26 of 1855.—The Most Noble the Governor General of India in Council is pleased to permit the several Regiments in the Service of the East India Company employed in Pegu during the late War, to wear on their colors and appointments the word "Pegu."

No. 27 of 1855.—The Most Noble the Governor General of India in Council is pleased to rescind the Government General Order No. 128, of the 25th May 1835, which directs that a Medical Officer shall be considered ineligible to the situation of Superintending Surgeon until he shall have served for two years in the Military branch of his profession at some period subsequent to his promotion to the rank of Surgeon.

No. 28 of 1855.—By Article 21 Section XXV. of the Pay and Audit Code of 1849, Native Troops, embarked for foreign service beyond Sea, are allowed rations gratis while on ship board, and while on shore, on service beyond Sea, they are allowed "Money Rations," which are drawn for them in Abstract from the Pay Department.

2. In the latter situation, they are also allowed the privilege of drawing certain rations of provisions from the Commissariat Stores in certain fixed quantities, on paying for them at certain fixed rates, as laid down in Article 24 Section XXV. of the Code.

3. The rate of the "Money Rations" authorized by Article 21 Section XXV. of the Code is "published in Orders by Officers Commanding Divisions and Detachments at the close of each month, on a Certificate from the Commissariat Executive Officer, of the current prices in the bazars, or of the rates at which they were issued from the public Stores, as the case may be," of the articles laid down in Article 24 Section XXV. of the Code, and in the quantities laid down in that Article

4 It will be evident that, when the Troops resort to the Commissariat Department for their rations, the Commissariat Officer's Certificate for determining the rate of "Money Rations" will be a mere copy of the rates laid down in Article 24 Section XXV. of the Code, and that the sum received by the Troops as "Money Rations" from the Pay Department, on the authority of the Certificate, will eventually be made over, wholly or in part, according to the period embraced in the Certificate, to the Commissariat Department, in payment for the rations supplied to the men.

5 This system of drawing from the Pay Department and paying to the Commissariat Department having been found to entail unnecessary labor on the Officers of the Commissariat Department in Burmah, and from the peculiar circumstances of the country, to impose on the Officers a responsibility to which they are not fairly liable, the Most Noble the Governor General in Council

is pleased, at the recommendation of the Commissary General, which has been concurred in by His Excellency the Commander-in-Chief, to authorize the adoption of the Madras method of rationing Native Troops on foreign service, in lieu of that which now obtains in Bengal.

6. It is accordingly notified, that from and after the 1st January 1855, rations will be issued gratis by the Commissariat Department to all Native Troops entitled to receive Money Rations, which shall cease to be drawn from the Pay Department.

7. It is to be distinctly understood, that this Order is intended to apply only to "Troops entitled to receive Money Rations." Native Troops, in the performance of routine duties in the Eastern Settlements, to whom Money Rations are not allowed, must continue to pay for such supplies as they may receive from the Commissariat Department; and the early payment of the Bills of the Department, for the supplies, is particularly impressed on Commanding Officers, as, in the event of any delay, which may not be satisfactorily explained, the sum will be placed to their personal debit.

Article 25 Section XXV. of the Pay and Audit Code of 1849.

8. Native Soldiers of the Regiments in Burmah, under sentence of imprisonment, will be subsisted by the Commissariat Department, agreeably to the provisions of Government General Order No. 581, of 7th November 1851.

No. 29 *of* 1855.—Captain and Brevet Major J. S. G. Ryley, of the 5th Regiment Light Cavalry, is permitted to retire from the Service of the East India Company on the pension of a Lieutenant Colonel, from the 31st December 1854.

An account of the weight of the Drug, when packed at Behar and Benares, and a Statement of the average weight of the Chests, indiscriminately taken, for the purpose of comparison, from the despatches, on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue; and further, that four Chests of Behar and Benares Opium which have been reserved from the Provision of the two preceding years, will be also shown to the Purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

Any further information, respecting weigh or quality of the Opium advertized for Sale that may be desired by parties connected with the Trade, will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred on reference to Chests, after the Sale and delivery of the Opium for shipment.

19*th*. It is hereby further notified, that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, "the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand, that out of the quantities of Behar and Benares Opium, declared as above for Sale at the Twelve Sales in the months of January, February, March, April, May, June, July, August, September, October, November, and December, 1855, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year, within thirty days after the publication of this Advertizement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 53,319 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the Twelve Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose :—

Article of the Convention above referred to.

"*Article 6th.* With regard to the Trade in Opium, it is agreed between the high contracting parties, that at each of the periodical Sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three Hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much on reduction of the Three Hundred Chests hereinbefore mentioned. SATURDAY, JANUARY 13, 1855.

Notifications, Appointments, &c.

RULES FOR THE TRANSMISSION OF MESSAGES BY THE ELECTRIC TELEGRAPH.

Passed by the Governor General of India in Council, on the 5th January 1855.

I. MESSAGES on the Public Service shall take precedence of all others.

II. Service Messages shall be charged for at the same rate as private Messages, but the former shall be paid for by a transfer in account, covered by a *pro formâ* receipt, without cash payments.

III. A Return shall be made every quarter to the Government of India and to the local Governments, showing the number and cost of Messages transmitted by each Department during the preceding quarter.

IV. No Government Officer shall employ the Telegraph except on urgent and important occasions, and no Message shall be sent on Service by the Electric Telegraph unless the saving of time effected by the Telegraph is of real importance.

V. At the seats of the local Governments authority to despatch Messages is vested in the head of the Government and in his private Secretary. All other Service Messages, Civil and Military, shall be sent under the authority only of the chief Secretary to Government, and of the chief Military Officer respectively.

VI. At Calcutta, Messages will be sent under the signature of the Governor General, of his private Secretary, and of the Secretaries to Government. The power of communication along the river is also vested in the Superintendent of Marine and the Master Attendant.

VII. At Telegraph Stations not being seats of Government, no Service Message shall be sent unless it be signed by the Chief Civil or Military Officer of the station, each for his own Department.

VIII. The Officer who signs the Message will be responsible for the necessity of sending it by the Telegraph, and if on the periodical inspection of the Station-books it shall be discovered that Messages of a trifling nature have been despatched, the Officer who authorized them will be made to pay for them.

IX. Officers, whose signatures will authorize Messages to be sent free, are bound in honor not to send private communications under cover of that authority.

X. All Service Messages must be conveyed in as few and as short words as possible.

XI. Messages will be received for transmission by Electric Telegraph on and after the 1st of February 1855, at the under mentioned rates of charge and subject to the following rules:—

A single rate is one Rupee for 16 words and under, and for that sum the Message may be transmitted 400 miles.

A single rate, or distance of 400 miles from Calcutta, will include Benares, and all Telegraph Stations between those cities.

A double rate from Calcutta will include Agra and the intermediate Stations at Allahabad and Cawnpore.

A treble rate from Calcutta will include Meerut, Delhi, Loodianah, Lahore, Gwalior, Seepree and Indore.

A quadruple rate from Calcutta will include Peshawur and Bombay.

Peon hire, at the rate of 4 annas per mile, will be charged for extra, if the Message be sent to any place at a distance from a Telegraph Station.

The rates for the Madras line will be established on the same principle, and will be announced when the Offices under that Presidency are opened.

XII. No Message, however brief, will be charged for at less than a single rate, and the reply will in every case be charged for separately.

XIII. Mercantile or other Messages involving important results, will only be received on condition of being repeated back from each Receiving Station, and at double price, according to the practice in Europe

XIV. The sender of a Message may pre-pay the charge for a reply, which must be limited to the number of words so pre-paid for.

XV. All Messages must be in the English language, and must be pre-paid in cash, including Peon hire, excepting Messages sent from River Stations below Calcutta

XVI. No unpaid Message, with the above exception, shall on any account be transmitted. A violation of this rule will subject the Signaller, or Assistant in charge of the Station whence the message may be sent, to dismissal from Office.

XVII Messages in cypher will be charged for at triple rates under special rules which may be learned at the different Telegraph Offices.

XVIII All communications in cypher must also be repeated back to obtain accuracy, and the repetition will be charged for in addition at single rate.

XIX. Should a Message in cypher be tendered for transmission simultaneously with a Message in ordinary language, the latter will take precedence of the former.

XX. Subscriptions for daily Messages of 48 words or more will be received at an abatement of one-fourth of the above-named rates.

XXI Violation of secrecy on the part of any Officer, Assistant, Clerk, or Signaller, in the Telegraph Department, will be punished by dismissal from Office, forfeiture of arrears of pay, and a declaration in the official *Gazette* of the incapability of the delinquent to serve the Government in any public capacity.

XXII. Officers in charge of Telegraph Stations may refuse to transmit a Message which may be of a decidedly objectionable character. Should the character of the Message be disputed, the matter may be referred to a Secretary to Government if the dispute occur at the seat of a Government, or to the Chief Civil Officer if it occur at a Mofussil Station.

XXIII. Private Messages shall be transmitted in the order of their receipt in the Telegraph Office. Should two or more Messages be tendered for transmission at the same time, the shortest shall have the precedence without reference to its relative importance.

XXIV. No Message or Messages, beyond 200 words in all, can be sent at one time by one individual or firm; and no second Message can be sent by the individual or firm till after the lapse of three hours unless the line be free and not required by any one else

XXV. Private Messages will, until otherwise notified, only be received between sunrise and sunset.

XXVI. During the receipt of Messages signalled as "Confidential," visitors shall be excluded from the Signalling Room. A violation of this rule shall subject the Assistant in charge to dismissal from Office.

XXVII. News and Messages shall be conveyed in the following order:—

1*st*.—Intelligence of the English Mails.

2*nd*.—Messages for the Press.

3*rd*.—Messages for Subscribers.

4*th*.—Messages for non-Subscribers.

XXVIII. Overland intelligence, or other public news of great importance, shall be given to the Press free of charge, at the seats of the different Governments, and at all other places on the line where Newspapers are published, and where there are regular Repeating Stations. The intelligence or news will ordinarily be given in two Messages; the first in as few syllables as possible, and containing not more than 25 or 30 words, the second Message will be full, but shall not exceed 640 words.

XXIX. Messages will, under these rules, be received by Post from Europe or elsewhere for transmission, if money be deposited beforehand sufficient to pay for the transmission.

XXX Messages will also be sent to the Post Office in letters, bearing postage, when instructions to that effect are sent with the Message.

XXXI. The accuracy of Messages is not guaranteed.

XXXII. The foregoing Rules are provisional, and the rates are open to revision.

No. 67 of 1855.—The following Notification from the Home Department (Electric Telegraph) is published in General Orders:—

RULES FOR THE TRANSMISSION OF MESSAGES BY THE ELECTRIC TELEGRAPH.

Passed by the Governor General of India in Council, on the 5th January 1855.

I. MESSAGES on the Public Service shall take precedence of all others.

II. Service Messages shall be charged for at the same rate as private Messages, but the former shall be paid for by a transfer in account, covered by a *pro formâ* receipt, without cash payments.

III. A Return shall be made every quarter to the Government of India and to the local Governments, showing the number and cost of Messages transmitted by each Department during the preceding quarter.

IV. No Government Officer shall employ the Telegraph except on urgent and important occasions, and no Message shall be sent on Service by the Electric Telegraph unless the saving of time effected by the Telegraph is of real importance.

V. At the seats of the local Governments authority to despatch Messages is vested in the head of the Government and in his private Secretary. All other Service Messages, Civil and Military, shall be sent under the authority only of the chief Secretary to Government, and of the chief Military Officer respectively.

VI. At Calcutta, Messages will be sent under the signature of the Governor General, of his private Secretary, and of the Secretaries to Government. The power of communication along the river is also vested in the Superintendent of Marine and the Master Attendant.

VII. At Telegraph Stations not being seats of Government, no Service Message shall be sent unless it be signed by the Chief Civil or Military Officer of the station, each for his own Department.

VIII. The Officer who signs the Message will be responsible for the necessity of sending it by the Telegraph, and if on the periodical inspection of the Station-books it shall be discovered that Messages of a trifling nature have been despatched, the Officer who authorized them will be made to pay for them.

IX. Officers, whose signatures will authorize Messages to be sent free, are bound in honor not to send private communications under cover of that authority.

X. All Service Messages must be conveyed in as few and as short words as possible.

XI. Messages will be received for transmission by Electric Telegraph on and after the 1st of February 1855, at the under-mentioned rates of charge and subject to the following rules:—

A single rate is one Rupee for 16 words and under, and for that sum the Message may be transmitted 400 miles.

A single rate, or distance of 400 miles from Calcutta, will include Benares, and all Telegraph Stations between those cities.

A double rate from Calcutta will include Agra and the intermediate Stations at Allahabad and Cawnpore.

A treble rate from Calcutta will include Meerut, Delhi, Loodianah, Lahore, Gwalior, Seepree and Indore.

A quadruple rate from Calcutta will include Peshawur and Bombay.

Peon hire, at the rate of 4 annas per mile, will be charged for extra, if the Message be sent to any place at a distance from a Telegraph Station.

The rates for the Madras line will be established on the same principle, and will be announced when the Offices under that Presidency are opened.

XII. No Message, however brief, will be charged for at less than a single rate, and the reply will in every case be charged for separately.

XIII. Mercantile or other Messages involving important results, will only be received on condition of being repeated back from each Receiving Station, and at double price, according to the practice in Europe.

XIV. The sender of a Message may pre-pay the charge for a reply, which must be limited to the number of words so pre-paid for.

XV. All Messages must be in the English language, and must be pre-paid in cash, including Peon hire, excepting Messages sent from River Stations below Calcutta.

XVI. No unpaid Message, with the above exception, shall on any account be transmitted. A violation of this rule will subject the Signaller, or Assistant in charge of the Station whence the message may be sent, to dismissal from Office.

XVII. Messages in cypher will be charged for at triple rates under special rules which may be learned at the different Telegraph Offices.

XVIII. All communications in cypher must also be repeated back to obtain accuracy, and the repetition will be charged for in addition at single rate.

In this letter you observe, that the orders we have given, that any Civil Servant resorting to the Insolvent Debtors' Court shall be suspended from employment and his case reported to us for final orders, are, you apprehend, applicable in principle to Military Officers, and you enquire whether those Officers who resort to the Insolvent Debtors' Court should not be held disqualified thereby from holding any Staff appointment, and should be reported to us in like manner as Civil Officers.

3 Without making any distinction between Staff and Regimental employment, we hereby direct, that in any and every case in which an Officer in our Service shall hereafter resort to the Insolvent Debtors' Court, the Commander-in-Chief shall report the same to Government, with all the explanatory particulars which it may be in His Excellency's power to obtain, accompanied by his sentiments thereon. Government will forthwith transmit this report to us, together with their own views of the conduct of the party concerned, who, pending the receipt of our orders, is not to be permitted to resume the performance of any Military or other duty.

Letter dated 7th August 1854, No. 105.

Lieutenant C. Cookworthy, Artillery, has been permitted to draw Indian pay and allowances from 6th February 1854, the date of his landing at Bombay on return from Furlough to Europe. Government solicit permission to authorize his return being reckoned from the 16th January 1854, the date on which the Steamer of the 4th December reached Calcutta.

2. Lieutenant Cookworthy having been prevented from returning to his duty by the Steamer of the 4th December, consequent on his services being required with a Detachment of Recruits on the Ship *Robert Morrison*, (although ultimately he was relieved from the duty,) we authorize his return being reckoned from the date when the Steamer which left England on the 4th December reached Calcutta.

Letter dated 8th August 1854, No. 106.

With reference to paras. 2 to 7 of Court's Despatch, No. 27, of 1854, transmit papers on the subject of the Sappers and Miners undergoing a professional training at Roorkee after arrival from England, and the desirableness of admitting Soldiers of H. M.'s Army to the benefits of Thomason College.

3. It is very desirable that the Sappers and Miners educated at Chatham should, on their arrival in India, be attached to the Head Quarters of the Sappers and Miners for further training, before they are eligible to be selected for detached employment as Overseers of Public Works.

4. So long as the Head Quarters of the Bengal Sappers are stationed at Roorkee, the Sappers and Miners will, in addition to their military training, be able to receive instruction in the Thomason College there, and it is desirable that they should do so.

5. If any eligible candidates for instruction at the College shall present themselves from H. M.'s Regiments, and be permitted by His Excellency the Commander-in-Chief to attend for that purpose, we shall quite approve of their being trained at the College for the Department of Public Works.

No. 54 *of* 1854.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

Reply to letter, dated 10th July 1854, No. 170.

Government submit a report from the Military Auditor General, relating to the amount of "Colonel's Allowance," to be granted under the Court's Orders of 8th February 1854, in lieu of Off-reckonings, and request instructions on the subject.

As clearly expressed in our letter of the 8th February 1854, No. 3, our intention is, that the average of the Off-reckoning shares, actually paid in the last twenty-one years, of which the accounts have been made up, after deducting from the same the amount of interest on unadjusted balances, shall be the amount to be paid hereafter to Colonels of Regiments in lieu of Off-reckonings.

2. We annex to this letter a Statement of these shares, and of the sums included in them on account of interest, (as published in General Orders,) from which you will find, that the average amounts to Rupees (5,475-14-0) five thousand four hundred and seventy-five and annas fourteen per annum for Colonels of Regiments serving in India, and £668-12-5 for those on Furlough in England. The "Colonel's Allowance," commencing from the 1st of January next and thenceforward, is to be regulated accordingly.

We are, &c.,

MILITARY DEPARTMENT.

No. 66 *of* 1854.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

We transmit herewith copy of a letter from the Deputy Secretary at War, dated 21st November 1854, reporting that the Secretary at War, in accordance with the Army School Regulations of the 1st June 1854, has conferred the rank of School-master of the 2nd Class, from the 1st November 1854, on Frederick Dunn, of Her Majesty's 32nd Foot.

We are, &c.;

(Signed) J. OLIPHANT,
And Nine other Directors.

London, 6th December 1854.

War Office, 21st November 1854.

SCHOOLS.

SIR,

I am directed to acquaint you for the information of the Directors of the East India Company, that the Secretary at War has, in accordance with the Army School Regulations of the 1st June 1854, conferred upon Frederick Dunn, of the 32nd Foot, the rank of School-master of the 2nd Class, from the 1st November 1854, and to request that the same may be communicated to the authorities in India.

I have, &c.,

(Signed) B. HAWES.

SIR J. C. MELVILLE, K. C. B.,
East India House.

No. 152 *of* 1855.—In continuation of General Order No. 737, of the 14th July last, the following paragraphs of a Military letter, from the Hon'ble the Court of Directors to the Government of India, No. 56, dated 22nd November 1854, are published for general information :—

Letter dated 1st August 1854, No. 189.
In continuation of No. 312 of 1853, request certain information regarding Books for Regimental Schools.

18. You require to be informed whether the number of sets of Books, shown in the List published in General Order as the authorized complement for a Regimental School, is to be observed as the maximum, even when the number of Scholars in a Regimental School shall be

nearer 200 than 100, and whether McLeod's Spelling Book may not be included in future Indents.

19. The question as to the sets of Books for Regimental Schools was submitted by the Military Auditor General, in his letter dated 28th November 1853, but he then added—"If the "same Books are to be used successively at different hours of the day by adults and children, "the maximum at present supplied may suffice." Concluding that such a course was adopted, we did not consider it necessary to reply to the question proposed.

20. In your General Order now published, you have properly directed, that in "Garrison and "Artillery Division Schools, the number of each "article is to be regulated by the strength of the "Troops for which the School is specially allowed." This Rule is quite proper, and in conformity with it, we shall approve of the present authorized complement of Books for a Regimental School being exceeded whenever you are satisfied that it is insufficient for the number of Scholars attending the School. McLeod's Spelling Book may be included in future Indents.

No. 153 *of* 1855.—The under-mentioned Officer is permitted to proceed to Europe, on leave of absence on Sick certificate:—

Major Ralph Thorpe, of the Invalid Establishment, ...	For eighteen months, under the new Regulations.

Fort William, 30th January 1855.

No. 154 *of* 1855.—In order to prevent in future the inconvenience and detriment to which young Officers are subjected from the delay which at times takes place under the present system of posting them to Regiments, the Most Noble the Governor General of India in Council is pleased, with the sanction of the Honorable the Court of Directors, to lay down the following rules to be observed hereafter at the three Presidencies in posting Cavalry and Infantry Cadets to Regiments:—

1. It is intended that Regimental rise shall, in every case, be brought into full operation at the earliest practicable period after the arrival of the Cadet at the Presidency for which he is appointed.

2. The Lists of Rank of Cadets prepared at the India House will be published in Government General Orders in the Military Department immediately after their receipt.

3. From these will be compiled in the Office of the Adjutant General of the Army at Calcutta, Madras and Bombay, a List showing the date of rank of each Cadet, and a General Order will be issued by Government assigning the rank of Cornet or Ensign, as the case may be, to the several Cadets.

4. Immediately after the publication of the General Order assigning rank, the senior Cornet or Ensign on the List is to be posted by order of Government to the first vacancy, but when there may be a number of vacancies in Regiments, the senior on the list is to be posted to the most advantageous vacancy in the branch to which he belongs known at the Adjutant General's Office at the Presidency, and so on in succession; the Army Lists being closed at the Presidency on the date of the General Order, and only those casualties in Regiments known on the evening of that date being taken into account in posting the seniors on the list for whom there may be vacancies in Regiments.

5. Should any Cadet, posted to a Regiment according to his standing in the list received from the India House, fail to take up his appointment, the vacancy is to be considered as an ordinary casualty.

6. Should the rank originally assigned to a Cadet be afterwards altered under any circumstances, it is in no way to affect his position in the Regiment to which he may have been posted, unless such alteration of rank puts him below any Officer who may have been posted under him in the same Regiment. In this case the Officer who may have lost rank in the List of Cadets must be placed in his Regiment below those Officers in it who rank above him as a Cadet.

7. Any alteration of rank as a Cadet will, of course, affect the standing of an Officer in the Gradation List of the Army, in which he must at once be placed in his proper position.

8. Any Cornet or Ensign who may wish to be removed from the Regiment to which he has been posted to another, must intimate his wish to that effect to the Officer in charge of the Adjutant General's Office at the Presidency. Should there be a vacancy in the Corps he selects on his application reaching the Military Department from the Adjutant General's Office, he will be removed to it at once, or if he express a wish to that effect, he may be removed on the occurrence of the next vacancy in the Corps which he selects.

9. No Cornet or Ensign is permitted to exchange more than once from one Corps to another, and those who have been more than one month with a Corps will be permitted to exchange only when the reasons for desiring it are valid and proper, and when it is shown that the Officer has not involved himself in difficulties whether of a pecuniary or any other nature.

10. Gentlemen appointed abroad and who are required to pass their examination in India, will be entitled to retain their position on the Lists of rank of Cadets received from the India House, provided they appear at the first meeting of the Board of Examiners after the Notification of their appointments in General Orders and pass the prescribed examination.

11. The names of those who do not appear or who fail to pass their examination at such first meeting of the Board are to be withdrawn from these lists and to be placed, in any subsequent list, according to the dates of their passing.

12. The position of a Cadet in such subsequent list will be made to correspond with that of those who left England at such time as would have allowed of the despatch by the same opportunity of the letters of appointment. Thus a Cadet so circumstanced will rank below those who left England in the Steamer which conveyed the Overland Mail last received on the date of his passing his examination, or should no Cadet have come out by that opportunity, then as junior to all who sailed from England on any date prior to the departure from Southampton of such steamer.

13. Gentlemen appointed abroad who may not be found qualified on the first examination, will be

llowed a second trial within the next ensuing ix months; and, should they fail to pass the examination at the second trial, they will be precluded from taking up their appointment.

Public Department, No. 18 of 1854.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

1. IN our Despatch of this date, No. 6, to the Government of Bombay, we have given our views on a question submitted by that Government, *viz.*: "Whether a public declaration of insolvency on "the part of our Civil Servants is to be regarded "as a disqualification for Office, or to be visited "by Government with any marks of its disappro-"bation."

2. In reply to this question, we have said "we "have no hesitation in giving it as our decision, "that such a declaration of insolvency as is in-"volved in a resort to the Insolvent Debtors' "Court for relief, is quite incompatible with the "maintenance of that high character for indepen-"dence which we regard as essential in those filling "offices of trust and authority in our Service. We "direct, therefore, that, in the event of any one of "our Civil Servants at any time availing himself "of the means afforded by the Court to obtain "relief from his liabilities, he be suspended from "public employment, and his case forthwith re-"ported to us for final orders. You will give "public notification to this effect, in such way as "you may think proper."

3. You will consider these views as of general application under all our Governments.

With reference to our Despatch in the Military Department No. 49, dated 15th November 1854, ordering that Military Officers resorting to the Insolvent Debtors' Court shall be suspended from employment pending our decision on their cases, we now inform you of our desire that a similar

Earl of Aberdeen.	Sir Charles Wood, Bt.

Sir Wm. Molesworth, Bt.

WHEREAS by a certain Act of Parliament made and passed in the Session of Parliament holden in the sixth and seventh years of Her Majesty's reign, intituled "an Act to remove doubts as to the exercise of power and jurisdiction by Her Majesty within divers countries and places out of Her Majesty's Dominions, and to render the same more effectual," it is amongst other things enacted that it is and shall be lawful for Her Majesty to hold, exercise, and enjoy any power or jurisdiction which Her Majesty now hath, or may at any time hereafter have, within any country or place out of Her Majesty's Dominions, in the same and as ample a manner as if Her Majesty had acquired such power or jurisdiction by the cession or conquest of Territory.

Now, therefore, in pursuance of the above recited Act of Parliament, Her Majesty is pleased, by and with the advice of Her Privy Council, to order, and it is hereby ordered, that any Act coming under Her Majesty's jurisdiction as aforesaid, and which, being done in any part of Her Majesty's dominions, would be criminal, and would render the Agent or his abetters amenable to punishment, shall, when done by British subjects within the Dominions of the Sultan of Borneo, be considered as criminal to the same extent as if such act had been done within Her Majesty's Dominions, and shall be liable to be inquired of, tried, determined, and punished in Her Majesty's Colony of Labuan, or in Her Majesty's possession of Singapore, which places Her Majesty has been, and is hereby pleased, by and with the advice of Her Privy Council, to appoint as those wherein crimes and offences committed by British subjects within the Dominions of the Sultan of Borneo, may be inquired of, tried, determined, and punished.

And it is further ordered, that Her Majesty's Consuls-general, Consuls and Vice Consuls, resident within the Dominions of the Sultan of Borneo and being subjects of Her Majesty, shall have authority to cause any British subject charged with the commission of any crime or offence within the said dominions, to be apprehended and sent for trial to the aforesaid Colony of Labuan, or the aforesaid possession of Singapore.

"The widow and four children (three sons and one daughter) of the late Mr. J. R. Barnes, who died at Nyne Tal on the 4th of October last.

"The operation of the new Absentee Rules will, it is believed, cause a slight diminution in the Receipts from contributions on salaries and allowances of Subscribers. Under the Absentee Rules of 1843, contribution was levied, not upon the sum *actually received* by a sick Absentee, but upon the nominal salary of his office, besides which contribution was also levied upon the deputation allowance received by the person acting for the Absentee. It was not long ago brought to the notice of the Managers, that the principle on which these contributions were levied was unsound and not borne out by the Rules which say, that 'the Subscribers shall contribute, from the 1st January 1850, at the following rates of per-centage on their salaries and other authorized public emoluments,' and that although the objection was of little practical importance so long as the old Rules were in force, under which a sick Absentee received a very large proportion of his salary, the case was very different when the new Rules, under which £1,000 per annum is the largest income that can be drawn by an Absentee, came into operation. On a full consideration of the question, the Managers determined, that in accordance with what seems a fair construction of the Rule, and with the practice invariably observed as regards contributions to the *Annuity* Fund, subscriptions to the Civil Fund ought to be calculated only upon the sums *actually received* by Subscribers. The loss to the Fund by this process cannot possibly, it is calculated, exceed Rupees 12,000 a year, and will probably be very much less.

Administrator General not bound to grant certificate unless satisfied of claimant's title, &c.

XLIV. The Administrator General shall not be bound to grant any such certificate, unless he shall be satisfied of the title of the claimant and of the value of the effects of the deceased, either by the oath, affidavit or solemn affirmation of the claimant (which oath, affidavit or affirmation the Administrator General is hereby authorized to administer or take) or by such other evidence as he shall require.

Penalty for Trading.

XLIX. It is hereby declared to be a misdemeanour, punishable by fine and imprisonment, for any Administrator General to trade or traffic for his own benefit, or for the benefit of any other person or persons whomsoever, unless so far as shall appear to him to be expedient for the due management of the estates of which letters of administration shall be granted to him, and for the sole benefit of the several persons entitled to the proceeds of such estates respectively; but this exception is not to be construed to alter the civil liabilities of the Administrator General as trustee of such estates.

Proviso.

Provided that this Act shall not authorize any transfer or payment of any such proceeds as aforesaid, pending any suit already instituted, or which shall be hereafter instituted, in respect thereof.

Legislative Council.

The 17th February 1855.

THE following Bill was read a second time in the Legislative Council on the 17th February 1855, and referred to a Select Committee who are to report thereon after the 21st of May next:—

A Bill for making better provision for the education of Male Minors and the marriage of male and female Minors, subject to the superintendence of the Court of Wards, in the Presidency of Fort St. George.

General control and superintendence of the education of Male Minor Wards vested in Collectors of Revenue.

I. THE general superintendence and control of the education of every male minor, whose property has been or shall be brought under the management of the Court of Wards in and for any part of the Presidency of Fort St. George by virtue of any Act or Regulation which now is or hereafter shall be in force

is hereby vested in the Collector of Revenue, acting under the said Court of Wards, in the Zillah or District wherein such minor's estate is situate; or, if such minor is possessed of immoveable property in different districts, in such one of the Collectors of Revenue of such districts as the said Court of Wards shall select.

Collectors to have power to cause Male Minor Wards to be educated at any school or college.

II. It shall be lawful for every Collector of Revenue, in whom the superintendence of the education of any minor is vested by this Act, to direct that such minor shall reside, either with or without his guardian, at the Sudder Station of the District, or at any other place within the said Presidency, and shall attend for the purposes of education, such school or college as to the said Collector may seem expedient; and to make such provision as may be necessary for the proper care and suitable maintenance of the said minor whilst attending such school or college.

Or in certain cases, to cause such Wards to be educated by a private tutor.

III. If it shall appear to the Collector inexpedient to place any such minor at a school or college, he shall cause such minor to be educated by a private tutor, properly qualified, either at the family residence of such minor, or at the Sudder Station or elsewhere within the said Presidency, and in this case also the Collector shall have power to determine from time to time the place of residence of such minor, and to make such provision as may be necessary for his proper tuition and maintenance during the period of his education.

Charges and expenses incurred under this Act, to be paid out of the profits of the Ward's estate.

IV. All charges and expenses which may be incurred on account of any Male Minor Ward under the provisions of this Act, for college or school fees, or for other charges of tuition or education, or by reason of his residence in any place other than his own home or otherwise, shall be defrayed from the profits of his estate in the same manner as other expenses incurred under the authority, or with the sanction of the Court of Wards.

Court of Wards to have power to remove guardians for disobedience to orders passed by a Collector under this Act.

V. It shall be lawful for the Court of Wards, on the application of a Collector, to remove from office any guardian who shall neglect or refuse to obey, or shall evade compliance with any orders passed, or directions given by such Collector under the provisions of this Act, and to cause a new guardian to be appointed in his place, whether the person so removed shall have been first invested with the guardianship of the minor upon the nomination of a Collector acting under the Court of Wards, or by a testamentary appointment confirmed by the Court of Wards.

Continued liability of guardian removed: powers and responsibilities of new guardian.

VI. The guardian so removed shall, notwithstanding his removal, continue liable to account to the Collector for his receipts and disbursements during the period of his guardianship, and every guardian appointed in the place of a guardian so removed, shall be chosen in the same way, and shall have the same rights and powers and be subject to the same responsibilities as persons originally appointed to be guardians of minors by a Collector of Revenue acting under the Court of Wards.

The right to the custody of a male minor to be vested in guardian appointed by the Court of Wards, or, failing him, in the Collector.

VII. The right to the custody of the person of any male minor, whose property is under the management of the Court of Wards, is hereby vested in the person appointed with the sanction of the Court of Wards, either originally or upon the removal of a former guardian, to be the guardian of such minor, or in the absence of any such person, the Collector of Revenue having the superintendence of the education of such minor under the provisions of the Act.

Appeal from the orders of a Collector to lie to a Court of Wards

VIII. All orders and proceedings of a Collector under the provisions of this Act, shall be subject to the revision of the Court of Wards, and every person aggrieved by any such order or proceeding may prefer an appeal therefrom to the Court of Wards.

The foregoing Sections applicable also to the younger brothers of Wards.

IX. And whereas it frequently happens that a minor whose property is under the care of the Court of Wards, has a younger brother or brothers entitled by law to maintenance and education at the charge of the estate, all the powers and provisions hereinbefore contained for promoting the education of such minor, are hereby declared and made applicable to the case of such younger brother or brothers.

Marriage of male and female Minors.

X. And whereas it has been deemed expedient to invest the said Court of Wards and its agents the Collectors of Revenue with control over the marriages of minors whose property is subject to the said Court of Wards, and also over the marriages of the infant male and female members of the families of such minors, the expenses of which marriages are by law chargeable on the estate, it is hereby provided that every person who shall aid or abet the marriage of any minor, the superintendence of whose education is vested by this Act in a Collector of Revenue, or the marriage of an infant brother or sister of such minor, without the leave of the said Collector of Revenue to such marriage first had and obtained, shall, on conviction before a Court of Session upon the prosecution of such Collector, be liable to fine not exceeding , or to imprisonment not exceeding the term of with or without hard labor.

XLV. Any such certificate, with a receipt annexed under the hand of the person to whom the certificate shall be granted, shall be a full discharge for payment or delivery to him or her of the money or security for money therein mentioned, to the person paying or delivering the same: but nothing in this Act shall preclude any executor or administrator of the deceased from recovering from the person receiving the same, the amount remaining in his hands, after deducting the amount of all debts or other demands lawfully paid or discharged by him in due course of administration; and any creditor or claimant against the estate of the deceased shall be at liberty to recover his debt or claim out of the assets received by such person, and remaining in his hands unadministered, in the same manner and to the same extent as if such person had obtained letters of administration to the estate of the deceased.

General control and superintendence of the education of Male Minor Wards vested in Collectors of Revenue.

I. THE general superintendence and control of the education of every male minor, whose property has been or shall be brought under the management of the Court of Wards in and for any part of the Presidency of Fort St. George by virtue of any Act or Regulation which now is or hereafter shall be in force is hereby vested in the Collector of Revenue, acting under the said Court of Wards, in the Zillah or District wherein such minor's estate is situate; or, if such minor is possessed of immoveable property in different districts, in such one of the Collectors of Revenue of such districts as the said Court of Wards shall select.

Collectors to have power to cause Male Minor Wards to be educated at any school or college.

II. It shall be lawful for every Collector of Revenue, in whom the superintendence of the education of any minor is vested by this Act, to direct that such minor shall reside, either with or without his guardian, at the Sudder Station of the District, or at any other place within the said Presidency, and shall attend for the purposes of education, such school or college as to the said Collector may seem expedient; and to make such provision as may be necessary for the proper care and suitable maintenance of the said minor whilst attending such school or college.

Or in certain cases, to cause such Wards to be educated by a private tutor.

III. If it shall appear to the Collector inexpedient to place any such minor at a school or college, he shall cause such minor to be educated by a private tutor, properly qualified, either at the family residence of such minor, or at the Sudder Station or elsewhere within the said Presidency, and in that case also the Collector shall have power to determine from time to time the place of residence of such minor, and to make such provision as may be necessary for his proper tuition and maintenance during the period of his education.

Charges and expenses incurred under this Act, to be paid out of the profits of the Ward's estate.

IV. All charges and expenses which may be incurred on account of any Male Minor Ward under the provisions of this Act, for college or school fees, or for other charges of tuition or education, or by reason of his residence in any place other than his own home or otherwise, shall be defrayed from the profits of his estate in the same manner as other expenses incurred under the authority, or with the sanction of the Court of Wards.

Court of Wards to have power to remove guardians for disobedience to orders passed by a Collector under this Act.

V. It shall be lawful for the Court of Wards, on the application of a Collector, to remove from office any guardian who shall neglect or refuse to obey, or shall evade compliance with any orders passed, or directions given by such Collector under the provisions of this Act, and to cause a new guardian to be appointed in his place, whether the person so removed shall have been first invested with the guardianship of the minor upon the nomination of a Collector acting under the Court of Wards, or by a testamentary appointment confirmed by the Court of Wards.

Continued liability of guardian removed: powers and responsibilities of new guardian.

VI. The guardian so removed shall, notwithstanding his removal, continue liable to account to the Collector for his receipts and disbursements during the period of his guardianship, and every guardian appointed in the place of a guardian so removed, shall be chosen in the same way, and shall have the same rights and powers and be

subject to the same responsibilities as persons originally appointed to be guardians of minors by a Collector of Revenue acting under the Court of Wards.

VII. The right to the custody of the person of any male minor, whose property is under the management of the Court of Wards, is hereby vested in the person appointed with the sanction of the Court of Wards, either originally or upon the removal of a former guardian, to be the guardian of such minor, or in the absence of any such person, the Collector of Revenue having the superintendence of the education of such minor under the provisions of the Act.

The right to the custody of the person of a male minor to be vested in guardian appointed by the Court of Wards, or, failing him, in the Collector.

VIII. All orders and proceedings of a Collector under the provisions of this Act, shall be subject to the revision of the Court of Wards, and every person aggrieved by any such order or proceeding may prefer an appeal therefrom to the Court of Wards.

Appeal from the orders of a Collector to lie to a Court of Wards

IX. And whereas it frequently happens that a minor whose property is under the care of the Court of Wards, has a younger brother or brothers entitled by law to maintenance and education at the charge of the estate, all the powers and provisions hereinbefore contained for promoting the education of such minor, are hereby declared and made applicable to the case of such younger brother or brothers.

The foregoing Sections applicable also to the younger brothers of Wards.

X. And whereas it has been deemed expedient to invest the said Court of Wards and its agents the Collectors of Revenue with control over the marriages of minors whose property is subject to the said Court of Wards, and also over the marriages of the infant male and female members of the families of such minors, the expenses of which marriages are by law chargeable on the estate, it is hereby provided that every person who shall aid or abet the marriage of any minor, the superintendence of whose education is vested by this Act in a Collector of Revenue, or the marriage of an infant brother or sister of such minor, without the leave of the said Collector of Revenue to such marriage first had and obtained, shall, on conviction before a Court of Session upon the prosecution of such Collector, be liable to fine not exceeding or to imprisonment not exceeding the term of with or without hard labor.

Penalty for Trading.

XLIX. It is hereby declared to be a misdemeanour, punishable by fine and imprisonment, for any Administrator General to trade or traffic for his own benefit, or for the benefit of any other person or persons whomsoever, unless so far as shall appear to him to be expedient for the due management of the estates of which letters of administration shall be granted to him, and for the sole benefit of the several persons entitled to the proceeds of such estates respectively; but this exception is not to be construed to alter the civil liabilities of the Administrator General as trustee of such estates.

Exception.

Accumulation of interest in the hands of the Administrator General at Bombay to be transferred to the E. I. Company.

L. And whereas it appears from the books and accounts of the Administrator General of Bombay, that, on the thirtieth day of June 1851, there were in his charge Government Securities and cash, arising from accumulations of interest on estates heretofore administered by or in the charge of the Ecclesiastical Registrar of the Supreme Court of Judicature at that Presidency, over and above the amount of interest heretofore allowed on the administration of such estates, it is further enacted as follows:—The Administrator General of Bombay shall forthwith transfer and pay the said Government Securities, and cash balance, and any other Government Securities and cash which, at the time of the passing of this Act, shall or may be in his charge, or under his control in respect of such accumulations of interest, or any additions thereto, to the Accountant General and Sub-Treasurer of Bombay, to be carried to the account and credit of the East India Company, for the general purposes of Government; and the receipt of the Accountant and of the Sub-Treasurer of Bombay for any monies or securities so paid or transferred to them under the provisions of this Act, shall be a full indemnity and discharge to the Ecclesiastical Registrar and Administrator General for any such payment or transfer.

In the Madras & Bombay Presidencies, the proceeds of Estates unclaimed for 15 years to be transferred to the East India Company.

LI. The net proceeds of all estates in the official charge of the Administrator General of either of the Presidencies of Fort St. George or Bombay, and which now appear, or shall hereafter appear, from the official books and accounts of the Ecclesiastical Registrar and of the Administrator General of either of those Presidencies, or from the official books and accounts of either of those Officers, to have been in official custody for a period of fifteen years or upwards, without any claim thereto having been made and allowed, shall be transferred and paid to the Sub-Treasurer of the East India Company at Fort St. George and Bombay respectively, and be carried to the account and credit of the East India Company, for the general purposes of Government; and the receipt of the said Sub-Treasurer and Accountant General shall be a full indemnity and discharge to the said Administrator General for any such payment or transfer.

Proviso.

Provided that this Act shall not authorize any transfer or payment of any such proceeds as aforesaid, pending any suit already instituted, or which shall be hereafter instituted, in respect thereof.

Mode of proceeding by claimant to recover principal money so transferred.

LII. If any claim shall be hereafter made to any part of the securities, monies, or proceeds which shall be carried to the account or credit of the East India Company under the provisions of this Act, and if such claim shall be established to the satisfaction of the Administrator General and Accountant General to the Government of Fort St. George and Bombay, for the time being, respectively, the said Accountant General shall direct the Sub-Treasurer of the Presidency to pay, and the said Sub-Treasurer shall thereupon pay, out of the monies of the East India Company in his custody, to the claimant, the amount of the principal so carried to the credit and account of the said East India Company, or so much thereof as shall appear to be due to the claimant. If the claim shall not be established to the satisfaction of the said Administrator General and Accountant General, the claimant may apply by petition to the Supreme Court at the Presidency against the East India Company and Administrator General of the Presidency for the time being, and after taking evidence, either orally or on affidavit, in a summary way as the said Court shall think fit, the said Court shall make such order on the petition for the payment of such portion of the said principal sum as justice shall require, which order shall be binding on all parties to the suit.

LVIII. This Act shall commence and take effect from the 1st day of March 1855.

W. MORGAN,

Clerk of the Council.

Legislative Council.

The 17th February 1855.

THE following Bill was read a second time in the Legislative Council on the 17th February 1855, and referred to a Select Committee who are to report thereon after the 21st of May next:—

A Bill for making better provision for the education of Male Minors and the marriage of male and female Minors, subject to the superintendence of the Court of Wards, in the Presidency of Fort St. George.

General control and superintendence of the education of Male Minor Wards vested in Collectors of Revenue.

I. THE general superintendence and control of the education of every male minor, whose property has been or shall be brought under the management of the Court of Wards in and for any part of the Presidency of Fort St. George by virtue of any Act or Regulation which now is or hereafter shall be in force is hereby vested in the Collector of Revenue, acting under the said Court of Wards, in the Zillah or District wherein such minor's estate is situate; or, if such minor is possessed of immoveable property in different districts, in such one of the Collectors of Revenue of such districts as the said Court of Wards shall select.

Collectors to have power to cause Male Minor Wards to be educated at any school or college.

II. It shall be lawful for every Collector of Revenue, in whom the superintendence of the education of any minor is vested by this Act, to direct that such minor shall reside, either with or without his guardian, at the Sudder Station of the District, or at any other place within the said Presidency, and shall attend for the purposes of education, such school or college as to the said Collector may seem expedient; and to make such provision as may be necessary for the proper care and suitable maintenance of the said minor whilst attending such school or college.

Or in certain cases, to cause such Wards to be educated by a private tutor.

III. If it shall appear to the Collector inexpedient to place any such minor at a school or college, he shall cause such minor to be educated by a private tutor, properly qualified, either at the family residence of such minor, or at the Sudder Station or elsewhere within the said Presidency, and in that case also the Collector shall have power to determine from time to time the place of residence of such minor, and to make such provision as may be necessary for his proper tuition and maintenance during the period of his education.

Charges and expenses incurred under this Act, to be paid out of the profits of the Ward's estate.

IV. All charges and expenses which may be incurred on account of any Male Minor Ward under the provisions of this Act, for college or school fees, or for other charges of tuition or education, or by reason of his residence in any place other than his own home or otherwise, shall be defrayed from the profits of his estate in the same manner as other expenses incurred under the authority, or with the sanction of the Court of Wards.

Court of Wards to have power to remove guardians for disobedience to orders passed by a Collector under this Act.

V. It shall be lawful for the Court of Wards, on the application of a Collector, to remove from office any guardian who shall neglect or refuse to obey, or shall evade compliance with any orders passed, or directions given by such Collector under the provisions of this Act, and to cause a new guardian to be appointed in his place, whether the person so removed shall have been first invested with the guardianship of the minor upon the nomination of a Collector acting under the Court of Wards, or by a testamentary appointment confirmed by the Court of Wards.

Continued liability of guardian removed; powers and responsibilities of new guardian.

VI. The guardian so removed shall, notwithstanding his removal, continue liable to account to the Collector for his receipts and disbursements during the period of his guardianship, and every guardian appointed in the place of a guardian so removed, shall be chosen in the same way, and shall have the same rights and powers and be

subject to the same responsibilities as persons originally appointed to be guardians of minors by a Collector of Revenue acting under the Court of Wards.

The right to the custody of the person of a male minor to be vested in guardian appointed by the Court of Wards, or, failing him, in the Collector.

VII. The right to the custody of the person of any male minor, whose property is under the management of the Court of Wards, is hereby vested in the person appointed with the sanction of the Court of Wards, either originally or upon the removal of a former guardian, to be the guardian of such minor, or in the absence of any such person, the Collector of Revenue having the superintendence of the education of such minor under the provisions of the Act.

Appeal from the orders of a Collector to lie to a Court of Wards

VIII. All orders and proceedings of a Collector under the provisions of this Act, shall be subject to the revision of the Court of Wards, and every person aggrieved by any such order or proceeding may prefer an appeal therefrom to the Court of Wards.

The foregoing Sections applicable also to the younger brothers of Wards.

IX. And whereas it frequently happens that a minor whose property is under the care of the Court of Wards, has a younger brother or brothers entitled by law to maintenance and education at the charge of the estate, all the powers and provisions hereinbefore contained for promoting the education of such minor, are hereby declared and made applicable to the case of such younger brother or brothers.

Marriage of male and female Minors.

X. And whereas it has been deemed expedient to invest the said Court of Wards and its agents the Collectors of Revenue with control over the marriages of minors whose property is subject to the said Court of Wards, and also over the marriages of the infant male and female members of the families of such minors, the expenses of which marriages are by law chargeable on the estate, it is hereby provided that every person who shall aid or abet the marriage of any minor, the superintendence of whose education is vested by this Act in a Collector of Revenue, or the marriage of an infant brother or sister of such minor, without the leave of the said Collector of Revenue to such marriage first had and obtained, shall, on conviction before a Court of Session upon the prosecution of such Collector, be liable to fine not exceeding or to imprisonment not exceeding the term of with or without hard labor.

No. 278 *of* 1855.—The Hon'ble the President of the Council of India in Council, with the concurrence of the Most Noble the Governor General of India, is pleased to lay down the following revised Rules for regulating claims to indemnification for losses, to have effect at the three Presidencies from the 1st proximo. G. G. O. No. 428, of the 16th November 1849, and all subsequent rules on the subject are hereby cancelled :—

1. Indemnification is not intended to make good the full amount of loss sustained ; but is granted only to such extent as shall enable the claimant to re-equip himself for service according to the scale laid down.

2. In estimating the amount of indemnification to be granted, regard shall be had to the extent of equipment required by the regulations of the service, the orders of the Commander-in-Chief, or to such restriction as may have been imposed by his authority, according to the nature of the service on which the claimant was employed when the loss occurred.

3. Indemnification shall invariably be confined to losses which have been altogether unavoidable, and may be granted in the following cases, *viz.* :

Losses in action with the enemy ;

By capture;

By shipwreck, or by inevitable casualties on board-ship, occasioned by storms or stress of weather or by corresponding accidents in river navigation when proceeding on duty by water ;

By accidental fire ;

By the destruction of a public store-house ; or

By the destruction of articles, or of horses or baggage-cattle, to prevent them falling into the hands of the enemy, or to prevent the spreading of an infectious or contagious disorder.

Provided that in all these cases the articles or animals were placed in the situation in which the loss occurred, under the sanction of proper authority ; that every exertion was used to prevent the loss ; and that any orders for the destruction of articles or of animals were issued by competent authority, and carried into effect with all possible promptitude.

4. No claim can be admitted in the following cases, *viz.* :

Losses from desertion ;

From articles having been improperly packed, placed, or left in improper situations ;

From the death of horses or baggage-cattle by fatigue in the ordinary course of service ;

From the breaking down of carriages being private property ;

From the loss of clothing, or necessaries in hospital ; or

From any circumstances whatever which may have been prevented by proper care on the part of the regiment or of the claimant or person in charge.

5. No claim can be admitted from the representatives of officers or men slain in action, or dying in consequence of wounds, or otherwise dying before their claims can be investigated and paid.

6. No indemnification shall be granted for losses sustained by officers when proceeding on or returning from leave of absence, except in case of sick leave, or under special circumstances, nor by those in receipt of boat allowance.

7. If an officer or a soldier shall have neglected to bring forward his claim for a period exceeding one month from the date of his loss, this delay shall be considered a sufficient reason for rejecting the claim, however valid it may be in other respects, unless the claimant can prove that he was unavoidably prevented from making an earlier claim.

8. Whenever baggage or articles of equipment are sent by a vessel in which the officer to whom they belong is not himself a passenger, it is incumbent upon such officer to protect himself against loss by effecting an insurance thereupon ; and if he has an opportunity of doing so, and neglect to avail himself of it, no compensation will be given by the State for any loss that may happen.

9. Whenever losses occur under circumstances which give an officer or soldier a claim to indemnification, whether on service in the field or otherwise, the General, or other Officer Commanding the Division, Station or Detachment, shall assemble, with all convenient despatch, Committees composed of officers from different corps, when practicable, for the investigation of claims arising out of those losses, which Committees shall be guided by the principles laid down in this regulation, and shall require the several proofs to be laid before them in the forms hereinafter prescribed, and the whole of their proceedings or certified copies thereof shall be transmitted to the Commander-in-Chief for his observations and opinion, and by him forwarded to Government for final decision.

Personal Losses of Officers.

10. The whole equipment of officers, commissioned, warrant and native, shall be valued at the rates following :—

12. An officer claiming indemnification is to certify, upon honor, the extent of his losses, whether it be the entire of his baggage, or camp equipage and carriage, or a portion only ; and if the latter, he must state, according to the best of his judgment and belief, what fractional parts of the whole he has lost, whether one-fourth, one-half, three-fourths, or any other fraction. *Vide* Form A.

13. Indemnification for losses of purely military equipments is inadmissible to officers holding non-military appointments.

14. Claims of Officers of Artillery and Engineers for the loss of professional instruments, limited to those required by the nature of the service on which the officer may be employed, will be admitted according to the particular circumstances of each case, and at the rates fixed from time to time by the Ordnance Department.

Loss of Mess Property and Band Instruments.

15. Indemnification will, under no circumstance, be allowed for wines and stores lost by a regimental mess, but a donation to such amount as may be determined in each case as it arises, may be allowed in aid of the subscriptions of the officers of a regiment, for the purpose of re-equipping themselves with the furniture and utensils necessary for a regimental mess. Indemnification is admissible for the loss of Band Instruments, but in no instance will more than two-thirds of the original cost be allowed. *Vide* Form B.

Loss of Horses.

16. Indemnification for the loss of horses in action, or destroyed in consequence of being infectiously diseased, is admissible only to officers in receipt of horse allowance, either personally, or as an item of their staff allowance, and is not to exceed the following rates.

17. To officers of Horse Artillery, Horse Field Batteries and Cavalry, for the loss of a charger selected from the ranks or remounts of their respective corps, indemnification equal to the price they would receive on returning such chargers to the ranks, *viz.*, the residue of the original price after a deduction of 10 per cent. per annum for the period that may have elapsed from the date of selection.

18. To all Mounted Officers for the loss of a charger not selected from the ranks, a compensation equal to the residue of the price paid for the horse, after a deduction of 10 per cent. per annum, provided the residue does not exceed the sum of Company's Rupees (800) eight hundred, which is the maximum allowed in any case.

19. Officers in receipt of horse allowance are to register, in the Station or regimental records, the prices they may pay for their chargers, and when a horse may have come into the possession of an officer otherwise than for a money-payment, a value is to be assigned by a Committee to be assembled by the Commanding Officer of the Station, which value is to be recorded as the price of the horse.

20. Indemnification for horses of officers destroyed on account of having farcy or glanders will only be admitted when it is shown that the destruction of the animal was necessary to prevent infection to other horses in the same stable or in close proximity thereto, whose loss would be liable to be defrayed by the public. *Vide* Form C.

21. The allowance to the native ranks of the Irregular Cavalry for the loss of horses killed or lost in action, dying of fatigue, destroyed or disabled on extraordinary duties, or on field service, is granted according to the actual cost of each horse not exceeding Rupees (125) one hundred and twenty-five. *Vide* Form D.

22. Indemnification is admissible for the loss in action of a horse, the property of a commissioned or non-commissioned officer, when the rider, or bargeer, happens to be killed.

23. The allowance for the loss of grass-cutters' ponies belonging to regular mounted corps is fixed at Rupees (12) twelve each.

Loss of Money.

24. No claim shall be admitted on account of the loss of money, being the private property of individuals; but in special cases, where public money, which has regularly been received by individuals, and has unavoidably remained in their hands, shall be lost on service, application for indemnification may be made according to Form E., such application being supported by the several certificates and documents there specified.

Losses of Non-Commissioned Officers and Soldiers.

25. Claims on account of necessaries lost on service, or under the circumstances detailed in Article 3 of this Regulation, by non-commissioned officers and soldiers of European Corps, or of Native Regiments of the Line, Local and Irregular Corps, and Regiments of Irregular Cavalry, are to contain a specification of the articles lost, and of their actual value at the time of loss, and the Captains or Officers Commanding Troops and Companies and Commanding Officers of Regiments are to be responsible that no such claim shall include any charge on account of articles not sanctioned as Regimental necessaries by the existing Regulations, and that any restriction in the Equipment of the Troops, which may have been imposed by the orders of the Officer in Command, had been obeyed and taken into account in limiting the amount claimed.

26. Every claim for indemnification for such losses shall be accompanied by a statement of the prices paid by the men for their necessaries, according to the Regimental Orders then in force, and the Committee by which, under the provision of Article 9 of this Regulation, the claim may be examined, shall submit a recommendation as to the amount of indemnification to be granted, for the final decision of Government.

27. Those articles of Clothing and Equipment only, which the Soldier is required to provide and to keep up at his own expense, are to be considered Regimental necessaries.

28. When articles of Clothing in wear, provided by Government for the use of Soldiers, are lost, they will be replaced under the provision of the Clothing Regulation; but articles which have served the full period will, on no account, be replaced, neither can indemnification be allowed for them.

29. Non-commissioned officers and soldiers, who have been taken and detained as prisoners of war more than four months, shall not be allowed to receive indemnification for necessaries lost when they were taken prisoners; all claims therefore made by men who have been prisoners of war, shall contain a statement of the precise period during which they were absent from the Regiment in consequence of being captured.

Erratum

THERE is an omission in the last column of the Post Office Notice regarding English Postage, dated 27th December 1854, in the Division marked "Indian Seas" and in the first Division "*Vid* Galle or Singapore," "Postage of One Penny must be levied in advance on Prices Current for the place named therein."

THE attention of the Public is drawn to Section XVII. of the Post Office Rules, which prohibits Delivery Peons from delivering any letter, without, at the same time, exacting payment of any postage which may be due on it; and direct them, if detained, to return the letter to the Post Office.

2. The Delivery Peons of the Calcutta Post Office are now required to pay in advance the postage due on letters made over to them for delivery, and the Calcutta Post Office authorities have been desired to enforce strictly the provisions of the Section quoted above.
